Summer Performances

Performances are what set the Stepper-ette group apart from other groups in the area. By participating, Stepper-ette members gain confidence and strength which in turn gives them an edge in other areas of life! Following the recital, weekly classes will not be held, however, at each performance students will practice 1 hour to review routines. We hope all members will take advantage of these important learning opportunities. A detailed summer performance schedule will be sent home the week of our in-studio recital rehearsals.
